Jan 2020 - Sep 2020

– The end summer training I worked facebook app project.

PROJECTS

Al-Fatiha App - Using Laravel Framework.

[Link to Google Play](#)

– The goal of the Al-Fatiha application is to correct the pronunciation of reciting Surah Al-Fatiha by evaluating its pronunciation by specialists. It provides the ability to listen to the correct recitation of each verse. It also allows students to review their mistakes and listen to them in order to avoid them.
